SKILLS

Programming Languages:

- Python: Proficient in developing applications, scripts, and automations using Python. Familiar with various libraries and frameworks.
- C++: Strong foundation in C++ programming, including object-oriented design and implementation.
- C#: Skilled in C# development, particularly in building desktop and web applications.

Design Tools:

- Canva: Proficient in creating visually appealing graphics and designs using Canva, with an understanding of layout, color schemes, and typography.
- Figma: Experienced in designing and prototyping user interfaces using Figma. Capable of collaborating with team members in real-time to create seamless design workflows.

Database Management:

- Microsoft Access: Competent in creating and managing databases using Microsoft Access. Skilled in designing relational database structures and writing SQL queries for data retrieval and manipulation.

Soft Skills:

- Collaboration: Adept at working collaboratively in a team environment, valuing input from others and contributing effectively to achieve common goals.
- Responsibility: Demonstrates a strong sense of responsibility in tasks and projects, ensuring timely and quality delivery of work.
- Accountability: Takes ownership of assigned responsibilities, maintaining a high level of accountability for both successes and challenges.
- Adaptability: Quick to adapt to new technologies, methodologies, and environments, ensuring a seamless transition in dynamic work settings.
- Effective Communication: Strong communication skills, both verbal and written, facilitating clear and concise interaction with team members and stakeholders.
- Problem-Solving: Proven ability to analyze and solve complex problems, approaching challenges with a logical and systematic mindset.

Additional Skills:

- Project Management: Skilled in organizing and managing projects, coordinating tasks, and ensuring project milestones are met.
- Critical Thinking: Capable of approaching issues analytically and creatively to devise innovative solutions.
- Continuous Learning: Enthusiastic about staying updated with the latest industry trends and technologies through continuous learning and professional development.
